

**Greatest Attraction in South's History
For Jacksonville Carnival.**

Special to the Ocala Banner:

Jacksonville, Fla., Sept. 11.—The Jacksonville carnival, November 5th to 10th, inclusive, will rank with the greatest attractions in the history of the south, and the metropolis of Florida will be crowded the first week in November when this big event takes place. Besides the mysterious and marvelous exhibitions to be seen on Wonderway, the hippodrome will eclipse anything of its kind ever witnessed in the state. President W. R. Carter and Secretary James R. Holloman, of the carnival association have lately returned from New York where they secured the very best features that money could obtain. The fireworks alone will amaze the multitudes, and the contract for these displays involve the expenditure of a great deal of money.

The hippodrome attraction will be worth going a thousand miles to see. These features, some of which come from Tampa, some of which come from Thompson and Dudley's big New York hippodrome, were obtained at a great expense, but the carnival association decided that there was nothing too good for Jacksonville and Florida. Among these wonderful attractions will be seen in the carnival hippodrome are the following:

Madame Natalina Rossi and three horses, introducing the greatest and only riding act in the world by the horse trotting on the top of the ring bank. The lady has been brought to America by the hippodrome managers, Messrs. Thompson and Dudley, and played their house last winter. Booked as a special equestrian attraction from the Cincinnati fall festival for the entire four weeks. Its president, Mr. R. R. Reynolds, has seen the lady perform while she was at the hippodrome and at once secured her.

Senorita Vallecita and her troupe of performing leopards and pumas, six in number. Act introduced in a large den. A wonderful act.

Golden troupe of Russian dancers, singers and instrumentalists, eight in number.

Signor Vinella and his performing and pugilistic stallions, seven in number. Another big equestrian act from the New York hippodrome.

Sie Hassan Ben Ali troops of Arabs, ten in number.

Winchermann's six performing bears and five monkeys.

Clemenso Brothers European musical clowns, acrobatic.

France Reed and stock, principal somersault bareback act, straight and comedy act.

LaVelle's great performing dogs, and also the greatest leaping hounds.

Veroni troupe of Tryolean singers, dancers and instrumentalists, four ladies and three gentlemen.

Mme. Lubade Sarema and her trained animals, including Andalusian bull, ponies, horses, dogs, etc. Seven people in this company.

These attractions will only be seen at the Cincinnati Fall Festival, the Toronto exposition, New York and Jacksonville. This fact alone shows the superiority of their character. The reason why other towns on the southern circuit did not secure them was on account of the heavy expenses and this goes to show the enterprise of the Jacksonville Carnival Association.

"Turpentine and printers' ink" is the new political mixture.

In his speech at Rockland, Me., Thursday night Speaker Cannon said that "stranger things might happen than Mr. Roosevelt's being president until 1912."

Mr. Samuel Gompers, the great labor leader is in Maine and is frightening the republican party in that state almost into spasms. Taft, Beveridge, Canon, Lodge, Hale and others have been sent in haste to the rescue.

Notwithstanding the large expenditures to prevent contest of will and for other purposes the executors of the estate of William Zeigler, of Royal Baking Powder fame, show that the estate under their management has increased more than a million dollars.

Mrs. Loretta Bond, of Palatka, who was visiting her sister, Mrs. T. W. Duane, of Tampa, last Monday morning, in a fit of temporary insanity locked herself up in a closet, saturated her clothing with kerosene oil, and set fire to them and died in great agony.

Judge Alton B. Parker agrees with the Ocala Banner that we have far too many laws. We are governed entirely too much. We not only have too many laws but too many courts and unfortunately our courts are not always "blind" to the litigants before them when pronouncing judgments.
